AFL/Cricket Australia Synthetic Turf Product Certification

The Synthetic Turf Product Certification System has been developed in response to the need for a system to serve and protect AFL CA synthetic field manufacturers whilst giving vital support in meeting the substantial demand for additional fields to meet each sports participation needs in to the future. The purpose of this system is to ensure compliance with AFL CA requirements to safeguard the health of players and officials and to guarantee the integrity of the performance of the field.

The AFL CA Synthetic Turf Product Certificate is not intended as a product endorsement beyond one of suitability and acceptability for community football and cricket competitions under AFL CA. The system is administered by the AFL CA Community Facilities Departments in co-operation with the AFL CA Synthetic Turf Technical Committee.
